5. FINAL CERTIFICATION OF LICENSED PROFESSIONAL:

This section is to be completed by a licensed professional as defined in 25 Pa. Code §102.1.

I, _____, do hereby certify pursuant to the penalties of 18 Pa. C.S.A. § 4904 to the best of my knowledge, information and belief, that the accompanying record drawings accurately reflect the as-built conditions, are true and correct, and are in conformance with Chapter 102 of the rules and regulations of the Department of Environmental Protection and that the project site was constructed in accordance with the approved PCSM Plan or Site Restoration/Reclamation plan, all approved plan changes and accepted construction practices.

6. LONG-TERM OPERATION AND MAINTENANCE AND RESTORATION/RECLAMATION:

This project involves: (check the appropriate box)

Installation or utilization, and subsequent long-term operation and maintenance of PCSM BMPs per 25 Pa. Code §102.8(a) through (m).

OR

Installation of PCSM BMPs identified as restoration or reclamation activities per 25 Pa. Code §102.8(n).

Note: For projects solely involving restoration or reclamation activities, proceed to Section 8.

7. PROOF OF INSTRUMENT FILING WITH THE RECORDER OF DEEDS OFFICE:

Per 25 Pa. Code §102.8(m)(2), the instrument will assure disclosure of the PCSM BMP(s) and the related obligations in the ordinary course of a title search of the subject property. The recorded instrument must identify the PCSM BMP(s), provide for the necessary access related to long-term operation and maintenance of the PCSM BMP(s) and provide notice that the responsibility for long-term operation and maintenance of the PCSM BMP(s) is a covenant that runs with the land that is binding upon and enforceable by subsequent grantees. A long-term operation and maintenance plan should be recorded along with the instrument.

For either Commonwealth or federally-owned property, a covenant that runs with the land is not required until the transfer of the land containing the PCSM BMP(s) occurs. Upon said transfer, the deed must then comply with 25 Pa. Code § 102.8(m)(2).

a. *Is the project located entirely on Commonwealth or federally-owned property?* Yes No

If the answer to question a., above, is Yes, proceed to Section 8.

If the project is not located entirely on Commonwealth or federally-owned property, proceed to Section 7.b. The completed Section 7.b and an attached copy of the Recorder of Deeds Office receipt constitutes proof of instrument filing as required by 25 Pa. Code §102.7(b)(5).

Also attach copies of the "landowner notice(s)" provided to all landowners who have bought or accepted ownership or other legal responsibility for parcels within the permit boundary.

b.

I certify, under penalty of law, that the below checked items have been recorded at the project county's Recorder of Deeds Office to assure disclosure of the PCSM BMP(s) and the related obligations in the ordinary course of a title search of the subject property, and which meet the requirements of 25 Pa. Code §102.8(m)(2).

- Legal instrument which addresses 25 Pa. Code §102.8(m)(2) *(required)*
- Record drawings which accurately reflect as-built conditions *(recommended)*
- Long-term operation and maintenance plan which clearly outlines the operation and maintenance activities necessary for the associated PCSM BMP(s) *(recommended)*
- Long-term operation and maintenance agreement(s) *(recommended if any individual other than the permittee is identified in Appendix C as being responsible for the long-term operation and maintenance of one or more PCSM BMPs)*

8. Permit Termination Certification:

This Section is to be completed by the person(s) listed in Section 4.

I, _____, certify under penalty of law that either permanent stabilization, under 25 Pa. Code §102.22(a)(2), of the earth disturbance activities has occurred or the site has been returned to agricultural operation regulated under 25 Pa. Code §102.4(a). I certify under penalty of law that either the installation of BMPs in accordance with an approved plan* prepared and implemented per §§ 102.4 and 102.8 (relating to erosion and sediment control requirements; and PCSM requirements) has occurred or all approved restoration/reclamation activities have been completed. I understand that by submitting this NOT, I am no longer authorized to conduct earth disturbance activities under the referenced permit and that discharging stormwater from earth disturbance activities to waters of the Commonwealth is unlawful where the discharge is not authorized by a permit. I also understand that the submittal of this NOT does not release a permittee or co-permittee from liability for any violations of the permit, the federal Clean Water Act (if applicable), the Pennsylvania Clean Streams Law and the rules and regulations promulgated thereunder, or from liability for any environmental damages occurring as a result of any earth disturbance activities conducted at the site. I understand that there are significant penalties for submitting false information, including possible fines and imprisonment for knowing violations.

*Upon NOT approval, the submitted record drawings or site restoration/reclamation plan equates an approved plan.

Individual; proceed to signature portion.

I hereby certify that I am the signatory pursuant to 25 Pa. Code § 92a.22 and 40 CFR §122.22 and that I am the person who is responsible for decision-making regarding environmental compliance functions for Enter Entity name, the manager of one or more manufacturing, production, or operating facilities of the permittee and am authorized to make management decisions which govern the operation of regulated facility including having explicit or implicit duty of making major capital investment recommendations, and initiating and directing other comprehensive measures to assure the permittee's long term environmental compliance with environmental laws and regulations.
