

FRANKLIN COUNTY CONSERVATION DISTRICT'S

STREAMSIDE GRASS BUFFER PROGRAM

Franklin County Farmers Now Eligible

Unique to this Program: Ability to Harvest Hay/Haylage
FUNDING PROVIDED THROUGH CONSERVATION EXCELLENCE GRANT (CEG)

PROGRAM DETAILS

- ⇒ Payment based on stream buffer width of 20-50 feet*
- ⇒ Incentive payments of \$500/acre/year
- ⇒ Buffer to remain in place for a 10-year minimum
- ⇒ Ability to harvest grass to reduce nutrient load, manage biomass and/or use for feed or bedding

** This program uses the Act 38 Nutrient Management Program to define a stream.*

WIN/WIN

The farmer can harvest hay
AND receive payment.

Nutrient and sediment loads
are reduced.
